OUTSIDE ACTIVITIES	<p>Recently I went on Japan tour and visited Tokyo, Osaka, Kyoto and Nara. Disney Sea and Universal Studios Japan and had so much fun on the rides, they scared me so badly though. In Kyoto and Nara we saw temples and they were beautiful.</p> <p>School: Now I'm a third year at my school and the first years were pretty surprised seeing a foreigner, it was an interesting few weeks. They still ask me to speak English and they're all super nice to me. I've started my language course and my language skills are improving, I'm becoming more comfortable with speaking and writing.</p> <p>Home: My host family are still wonderful and welcoming and treat me so well. I feel so comfortable and at home with them and I'll be sad when I move, even though I'm very excited to live with my next family.</p>
